Dave Henry

To Whom It May Concern:

The Center for the Homeless has had the pleasure on two separate occasions to host 7th Floor Productions to perform their rock musical documenting the story of despair to hope. I write this letter of recommendation on behalf of Dave Henry, Bruce Tassel, and the 7th Floor Production Team whose musical and theatrical skills are of an outstanding quality.

7th Floor Production performed two benefit concerts on behalf of the Center for the Homeless at Washington Hall on the campus of the University of Notre Dame and at the theater within the Century Center, City of South Bend. On every occasion, the performance of 7th Floor Production has been received with great applause. The story is moving, creative, and touches very poignantly the journey from despair to hope. It is particularly relevant for persons who have battled depression on any level and who are working to transcend life's darkest moments. The musical quality of this rock opera is excellent and many of the cast members themselves have overcome incredible obstacles in their own lives, giving the music true meaning.

I have come to know the cast members of 7th Floor Productions very well and to a person, they are outstanding people. They have insight into their audiences and are professional and polished while at the same time provocative. I give 7th Floor Productions my very strong personal recommendation. They have done much to bring hope to our homeless community and to help our people believe that change is in fact possible in their lives.

Sincerely,

Louis Mario Nanni
Executive Director
